POLICY DOCUMENT ON DISABLED-FRIENDLY BARRIER FREE ENVIRONMENT

A setting that is barrier-free allows those with disabilities to access the amenities on the college and move around freely and safely. For disabled people to have easy access to the college Administrative Building, the college offers ramp facilities. Wheelchair mobility is made easier by the ramp's decreased incline. The college has a wheelchair with assistance so that physically challenged students and other visitors can move about easily. A wheelchair is available for students who have trouble walking. If they need to move upstairs, other students are more than happy to assist them. Instructors make every effort to implement a teaching strategy that works for students with varying abilities.

Objectives:

- To provide an environment that supports an informed, compassionate, and positive attitude toward people with disabilities (PWD).
- To uphold the 2016 Rights of Persons with Disabilities Act, which forbids discrimination against those who have mental and physical impairments.
- To provide an inclusive atmosphere for teaching, learning, and work where staff members and students with disabilities are treated with understanding and feel comfortable.
- To organize activities and educate faculty, staff, and students about people with disabilities in order to provide an inclusive learning environment.

Policies:

- The College Administrative Building's entrance features a ramp with railing so that people with disabilities can move around freely and safely.
- The College maintains a wheelchair with assistance for people with disabilities on campus.
